

# Framework-based Course Revision

**Directions:** Review the excerpt of the framework for your grade level and discuss with your group. Then select one year-long inquiry question.

<b>Course Inquiry Question:</b>		
<b>1. Deconstruct the selected inquiry question.</b>		
a. <i>What specific content topics (standards) would students need to study in order to answer the inquiry question?</i>		
	<b>Add:</b>	<b>Keep:</b>
b. <i>What content needs to be added to this course plan? What previously developed lessons should be kept?</i>		
c. <i>What types of learning experiences/activities would support students' ability to answer the question?</i>		
<b>2. How will planning and instruction need to shift so that students can answer the inquiry question?</b>
