School Site Council

The Parents of our students are important to Golden Gate Community School. We welcome your involvement and input into our school planning and evaluation process. One way that you can become involved is through attending our School Site Council. This group of parents, community members, students and staff members meets four times a year to review our programs, achievement data, and budget. Then the members of this group give input in to the planning process for the upcoming year.

This year, parent Carl George and community members Sunny Smith, Cliff Richards and Kathy Botello have been nominated as voting representatives of this group. All parents are welcome and encouraged to attend our next meeting on January 27.

Want to participate in the school site council? We meet throughout the year and are always looking for members. Please contact Lynn Mackey at 925-942-3388 for more information
