### School Description

Mission: To educate and challenge students to achieve their maximum potential as independent and productive members of their community. We strive to meet our mission by providing an integrated environment utilizing technology, community resources and a teamwork of parents and care providers.

Far East County Student Programs provide outstanding educational programs to severely handicapped students ages three through twenty-two. Classes are housed on local elementary, middle and high school campuses.

Severely Handicapped Program: The regional office is located at the Liberty Transition Program on the Liberty High School campus in Brentwood. Support staff includes speech pathologists, psychologists, nurses, an adaptive physical education specialist and an augmentative team. All staff use innovative approaches to facilitate instruction and transition into the community.

The program for severely handicapped students provides a full range of services designed to meet the needs of severely handicapped students from K to 22. Programs emphasize integration of students with age-appropriate peers, placement in the least restrictive environment, a comprehensive curriculum for severely handicapped, and programs to support transition. Leadership and support exists to ensure the quality of all students' instructional programs as well as having facilities that are appropriate and maintained in a safe condition. This special education curriculum for severely handicapped students is based on the core areas identified in the California State Department of Education curriculum frameworks. Included within this program is a transition program and community-based instruction.

The goal of the Special Education Program is to implement and evaluate a model program that demonstrates innovative approaches to facilitate the transition from school to adult life for persons with severe disabilities. The Transition Program assists a large group of students, parents, interested community personnel, educators, adult service providers and prospective employers with this process. The Transition Program includes appropriate identification of the individual transition needs of each student. Individual transition services are developed in conjunction with the annual IEP with each student who is 16 years or older. A student-centered team including parents, teachers, assistants, and support staff develop and implement the transition services.

Community Based Instruction is a class for students 18-22 years of age. The goal of this program is to facilitate the transition from school to adult life for students with severe disabilities. Curriculum and transition strategies include: Independent Living Skills, Social Skills, Recreation/Leisure Opportunities, Employment Training, Mobility Training, Economics/Money Management and Community Awareness and Services.

## About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

**Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2017-18)**

At the Contra Costa County Office of Education, special education programs do not use textbooks. Each student has an Individual Education Plan, which drives instructional programs.

Textbooks and Instructional Materials Year and month in which data were collected:	
Core Curriculum Area	Textbooks and Instructional Materials/Year of Adoption
Science Laboratory Equipment	N/A The textbooks listed are from most recent adoption: N/A

Note: Cells with N/A values do not require data.

**School Facility Conditions and Planned Improvements (Most Recent Year)**

The school was built in 1990 and there are ten classrooms at the Liberty site with a café.

All students are under direct staff supervision while in transit to and from school with assistance from transportation personnel. While on school sites, students are under direct supervision from both classified and certificated personnel. Students may be early released only to authorized adults who are required to identify themselves and sign out the student in the main office.

Access to school sites is restricted, requiring all visitors to check in at the main office for clearance and registration. All facilities and grounds are observed and monitored for unauthorized visitors who are reported to the main office for appropriate action. When visitors are approved to be on campus they are given a temporary badge identifying them as a guest. Volunteers are required to be interviewed and approved by site administration and to register with the central office Human Resources Department and receive TB clearance. All regular personnel are provided with picture I.D. badges for their use.

All sites are regularly cleaned and maintained by custodial and gardening staff.

Facilities maintenance is ongoing and coordinated with site principals through the central office facilities department. More intensive cleaning and maintenance occurs during student break/vacation periods in order to minimize impact to learning environment. All sites are in good repair and free of adverse conditions detrimental to student learning. Emergency repairs are typically handled in a timely manner.

Adequate and appropriate classroom and playground space is available. Playground areas have been recently upgraded to current safety codes. Specialized equipment is accessible for use by students with special needs. Work space and break/lounge areas for staff have been designated.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

2016-17 CAASPP Results for All Students						
Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	15-16	16-17	15-16	16-17	15-16	16-17
ELA		--	46	49	48	48
Math		--	32	30	36	37

\* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

CAASPP Test Results in Science for All Students						
Subject	Percent of Students Scoring at Proficient or Advanced (meeting or exceeding the state standards)					
	School		District		State	
	14-15	15-16	14-15	15-16	14-15	15-16
Science	--	--	14	57	56	54

Note: Science test results include California Standards Tests (CSTs), California Modified Assessment (CMA), and California Alternate Performance Assessment (CAPA) in grades five, eight, and ten.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

School Year 2016-17 CAASPP Assessment Results - English Language Arts (ELA) Disaggregated by Student Groups, Grades Three through Eight and Eleven				
Student Group	Total Enrollment	Number Tested	Percent Tested	Percent Met or Exceeded
All Students	--	--	--	--
Male	--	--	--	--
Female	--	--	--	--
Black or African American	--	--	--	--
American Indian or Alaska Native	--	--	--	--
White	--	--	--	--
Students with Disabilities	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

**School Year 2016-17 CAASPP Assessment Results - Mathematics

<b>American Indian or Alaska Native</b>	--	--	--	--
<b>White</b>	--	--	--	--
<b>Students with Disabilities</b>	--	--	--	--

Note: Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

### **C. Engagement**

#### **State Priority: Parental Involvement**

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

#### **Opportunities for Parental Involvement (School Year 2017-18)**

Parents and caregivers are encouraged to attend all student activities on their student's campus. Liberty Transition hosts a "Video Night" for parents in the Spring. It is a night to show the parents videos of what the school year has entailed and the success of their child and the program. They also host other student events including a yearly "Dressed for Success" fashion show and a graduation luncheon for CBI students. Students also participate in a high-school based Special Olympics program each year in which they compete with peers in soccer, basketball and track and field activities. Parents and caregivers are invited and encouraged to attend all events.

Parents are involved in the education of their students through the Individual Education Program (IEP) process. As an IEP team member, each parent participates in the development of annual academic, behavioral and social goals for his/her child.

Far East County Student Programs offers multiple parent training sessions each year. These sessions feature staff members as presenters, as well as experts from the community, offering information on various topics. Childcare and translation is provided for these sessions. Through informational flyers, parents are made aware of fundraisers and numerous support groups. Parents are encouraged to participate in classroom field trips.

Parent Resource Night is an event that provides parents with connections to community resources that may interest their child. It is held annually and includes various vendors from the Regional Center, local sports teams, law enforcement and extra curricular activities.

#### **State Priority: School Climate**

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### **School Safety Plan**

The following is a brief description of the key elements included in each plan:

- A staff emergency "phone tree", protocol for emergency contacts.
- Community emergency telephone numbers, specific to each region.
- Emergency teams and duties.
- Staff development and minimum day schedules.
- Safety Committee and Leadership Team composition and members.
- Assessment of the status of school crime committed on campus.
- Discrimination and harassment policies and procedure for staff and students.

- Hate crime reporting procedures.
- Procedures for safe ingress and egress of pupils, parents and school employees to and from school.
- Uniform complaint procedures for parents.
- Vandalism reporting forms and procedures.
- Child abuse laws and reporting forms and procedures.
- "Safe School" initiative information and mission statement.
- Crisis response checklist.
- Safety inspection classroom checklist.
- List of disaster/first aid supplies in classrooms.
- Policies pursuant to student suspension and expulsion.
- Rules and procedures on school discipline.
- Procedures for staff notification of "intruder on campus."
- Dress code policies and enforcement.
- Disaster procedures and drills protocol.
- School site maps and plans.
- 

The School Safety Plan was last reviewed, updated, and discussed with the school faculty during the 2017-18 school year.

**Professional Development provided for Teachers**

Certificated staff receive three full days of staff development and classified receive one full day of staff development under the California Department of Education’s Instructional Time and Staff Development Reform Program. Content includes instructional methods, classroom management, and training designed to improve academic instruction in the core curriculum.

The CCCOE provides staff development related to instructional methods, classroom management and training to address the core curriculum on various minimum days. The content is a direct reflection of the Special Education Program goals, parent survey feedback, State mandated test data and staff needs assessments as related to student performance. All classes utilize iPads in order to facilitate student learning and communication and every class takes part in the standards-based "Unique" curriculum program. Teachers receive annual training on the use of iPads for classroom instruction as well as in the delivery of the "Unique" curriculum. All staff are also trained in the CPI model for dealing with difficult student behaviors in the classroom. All staff participate in an initial 8-hour training and yearly "refresher" courses to maintain their skills.

The CCCOE offers support to teachers through a variety of programs, as determined by need. The CCCOE Teacher Induction Program (TIP) provides a collaborative model of support providing a pathway for teachers to clear their credential. Intern teachers participate in the Solano/North Bay/Contra Costa Teacher Intern Program, and are generally referred to TIP once they receive their preliminary credential. Another relatively new teacher support program was created for those teachers who may be new to their assignment. This program is called the New Assignment Mentor Support (NAMS) program and both veteran and new teachers may be eligible. Finally, struggling teachers may be referred to the Peer Assistance Review (PAR) program as a result of an unsatisfactory evaluation. Also, a website has been developed to help all teachers access quality instructional lessons and links to existing exemplary programs. Methods of professional development may include after school workshops individual conferences, peer coaching, classroom visitations, veteran teacher observation and attendance at professional development conferences and meetings.

## Career Technical Education Programs

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
