Sight for Students® is VSP's national charity program that provides free eye exams and glasses, when prescribed, to more than 50,000 children each year.

### Obtaining Help

Sight for Students gift certificates are distributed through a network of community partners. Families can locate partners in their area using the "Find a Partner" search feature on our Web site. The partner will determine if a child meets the eligibility requirements of the program, which are:

- The family's income is no more than 200% of the federal poverty level.
- The child is not enrolled in Medicaid or other vision insurance.
- The child is 18 years or younger and has not graduated from high school.
- The child or parent is a U.S. citizen or legal immigrant with a social security number.
- The child has not used the Sight for Students program during the past 12 months.

If a child is eligible, the community partner will issue a Sight for Students gift certificate along with a list of VSP doctors in the area. All VSP doctors accept Sight for Student gift certificates, so the family can pick the doctor that's right for the child.
